

## **Week 2 Assignments**

**Part 1:** Read **Lesson 13** at <http://msporter.yolasite.com>. Toward the end of the lesson, you will see HTML code for a Web page. Create a Web page using exactly the same code. Name this Web page **page2a.html**. Post your new page on the Internet and test it to make sure that it works. Remember to test it using the **Netscape Navigator** or **Internet Explorer** browser (version 6.0 or earlier).

**Part 2:** Create a Web page named **page2b.html**. This page will contain a form that is used to collect the following information.

- Name (text box)
- Favorite Sport (radio buttons) – Choices: baseball, basketball, football, soccer, tennis, none of the above
- Favorite School Subjects (checkboxes) – Choices: math, English, history, science, P.E., Web design, other.
- Favorite Type of Music (drop-down list) – Choices: rock, rap, alternative, R & B, hip-hop, country, other.
- Additional comments (text area box)

Post your new page on the Internet and test it to make sure that it works. Remember to test it using the **Netscape Navigator** or **Internet Explorer** browser (version 6.0 or earlier).

**Part 3:** Create a Web page named **page2c.html**. This page will contain a form of your choice. The form must have at least 10 form elements, including:

- At least 2 text boxes
- At least 2 text area boxes
- At least 2 different sets of radio buttons
- At least 2 different sets of checkboxes
- At least 2 drop-down lists.

Have fun with this! Make your form as serious or as silly as you like. Post your new page on the Internet and test it to make sure that it works. Remember to test it using the **Netscape Navigator** or **Internet Explorer** browser (version 6.0 or earlier).

**After You Have Finished:** Send Ms. Porter an e-mail that includes the URLs for your new Web pages. You will not receive credit for your work unless your advisor receives this e-mail before your next appointment.
